

**DETAILED ACTION**

1. **Claims 1,3-23 are still pending in the application while claim 2 has been cancelled.**

***Response to Arguments***

2. Applicant's arguments, see remarks, filed 08/11/2009 with respect to claims 1,3-23 have been fully considered and are persuasive. The rejection of 1, 3-23 has been withdrawn.

***Allowable Subject Matter***

1. The following is an examiner's statement of reasons for allowance:
  1. Claims 1 and 3-23 are allowed.

Regarding claims 1 and 11, the prior art does not disclose or suggest the combination of, *inter alia*, the limitation of, "a battery side terminal disposed on the front surface of the case and connected to the battery through the charging unit, the battery side terminal configured to connect to a housing chamber side terminal of the electronic device to provide electric power to the charging unit from the electronic device as said charging unit charges and to provide electric power from the charging unit to the electronic device through the battery side terminal as the charging unit discharges, wherein a first engaging recessed part is formed on the front surface of the case of the battery device and a second engaging recessed part is formed on the front surface of the case of the battery device, the first and second engaging recessed parts being separated in the width direction by a gap", in combination with the remaining limitations of claims 1 and 11.

2. Claims 3-10, and 22-23 depend directly or indirectly from claim 1, and thus are also allowable for the same reason.
  
3. Claims 12-21 are also allowable in virtue of their direct or indirect dependencies from claim 11.

***Conclusion***

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

***Citation of Prior Art***

2. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. The prior art cited in the PTO-892 and not mentioned above disclose related apparatus.

Bo et al., (Bo) US PAT 6,265,845 discloses a portable battery charger having at least one charging pocket for recharging a battery pack mounted on a mobile station or a separate battery pack.

Satou et al., (Satou) US PAT 6,172,867 discloses an electronic apparatus with reinforced upper case.

***Contact Information***

Any inquiry concerning this communication or earlier communications from the examiner should be directed to M'baye Diao whose telephone number is 571-272-6127.

The examiner can normally be reached on Monday through Thursday from 9:00AM to 7:30 PM; Friday off.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Patrick Assouad can be reached on Monday through Thursday at 571-272-2210 from 8:00 AM to 3:30 PM. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.

3. Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public.

PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see <http://pair-direct.uspto.gov>. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free). If you would like assistance from a USPTO Customer Service Representative or access to the automated information system, call 800-786-9199 (IN USA OR CANADA) or 571-272-1000.
